

Launch to Success

Careers in STEM Week - FREE Workshops

MONDAY, JULY 31 -
FRIDAY, AUGUST 4

Assemblymember Reginald Byron Jones-Sawyer, Sr., in partnership with the USC School of Engineering, invites you to attend this FREE 5-day STEM camp for students in South Los Angeles.

Careers in STEM (**S**cience, **T**echnology, **E**ngineering, and **M**athematics) is a summer series of workshops in which STEM faculty and professionals share their expertise and experience with elementary, middle, and high school students and their parents.

This series will consist of 5 days of workshops and will spotlight hands-on activities and discussions.

REGISTRATION INFORMATION:

- Registration is on a first come-first served basis
- Deadline to register is **Saturday, July 22, 2017**
- Late registrations will only be accepted if there is room still available.
- Different STEM topic workshops will be offered each day (simultaneously) for five consecutive days
- You can only register for 1 workshop per day
- Parent or responsible adult must accompany student to the workshops
- REGISTRATION Website: viterbipk12.usc.edu/careers-in-stem
